

Naive shared top-k drops dynamic agents that typed-budget keeps (prediction-err ratio 29×)

Object+Relation-16 (naive, shared top-k)
0 / 7 near agents selected · pred err = 7.46 m

Decoupled typed-budget (Ours, 12 dyn + 4 rel)
7 / 7 near agents selected · pred err = 0.26 m

★ EGO ● VEH ● PED ● CYC ● selected by abstraction ● dropped by naive (kept by decoupled)
