

Naive shared top-k drops dynamic agents that typed-budget keeps (prediction-err ratio 23x)

Object+Relation-16 (naive, shared top-k)
1 / 8 near agents selected · pred err = 5.60 m

Decoupled typed-budget (Ours, 12 dyn + 4 rel)
8 / 8 near agents selected · pred err = 0.25 m

★ EGO ● VEH ● PED ● CYC ● selected by abstraction ○ dropped by naive (kept by decoupled)
